

GAWDAwiki Help Tip: Adding a Term

1. Make sure you're logged in.
2. Type in the word you'd like to add in the yellow search box on the left and click "search."
3. If no page for that term exists, the search results will show an "add this term" button for you to click.
4. Type in an explanation of the term in the text box. Don't worry about making your entry look like other entries—the GAWDAwiki Editor will properly format your entry.
5. Type in your name and company name at the bottom of your text.
6. Click the "save page" button at the bottom of the page.
7. Within 24 hours (excluding non-business days), your change will be reviewed and edited as needed.
8. If you have any questions, you can e-mail the GAWDAwiki Editor at editor@GAWDAwiki.org.
